This online module allows for an easy exchange of non-monetary resources.

- **Read through classroom needs posted by teachers** – shoe boxes for an art project, gently used children's books, classroom or event volunteer opportunities, or a subject matter expert to sit on a school advisory board.
- **Post what you have to offer or give away** – post an internship or a volunteer opportunity for high school students, donate used equipment for classroom use, gift new classroom supplies or gently used clothing for students in need, or list anything else that you would like to donate. Teachers or students can then reach out to you directly for the exchange of items or information.
