Mrs. Panara is teaming up again with Busch Gardens in Tampa to collect cellphones for the Gorillas on the Line Collection for 2021. If you have any **old or broken cellphones please drop them off to her classroom, **2-208**, by **May 1st**. There are about 4,500 of these animals remaining in Africa. Their decline can be attributed to habitat loss due to mining for a valuable metal called coltan, which is used in many of our small electronic devices like cell phones. **Please join us in help gorillas in the wild by recycling old cell phones** and decrease the demand for coltan.**
