Love is poems by our AMS English Language Learners

Love is like the wind, when you breathe in pure air,
that's what love is,
and when you look up at the night sky, it looks beautiful,
that's what love is, but a thousand times larger,
and when you fall in love for the first time, that is love.

Love is poems by our AMS English Language Learners

Love is like fire that burns and hurts,
love is like the wind that comes and goes,
it is like the earth, strong and steady,
it is also like water, soft and delicate.

Love is poems by our AMS English Language Learners

Love is marvelous and beautiful,
so when someone hurts you,
you will always remember that.
