

**South Fork High School
Guidance Department**

11th and 12th Grade- Off Block Application

Parents and Students:

School Board policy allows Seniors and Juniors to drop one class and take only six classes instead of seven. In order to take advantage of this opportunity, the student **must be on track for graduation and have transportation available to either come to school a period late or to leave campus a period early**. Any student on campus at any time during the school day must be in a class.

*On track for graduation means:

- Not lacking any credits toward graduation
- Has passed the Grade 10 FSA Reading requirement
- Has passed Algebra 1 EOC requirement
- Has at least a 2.25 unweighted GPA
- Has maintained at least a 90% Attendance rate the previous school year

If you think you might qualify, and you would like to drop one of the seven classes you selected for next year or the off block is already a request you must fill out this form and return it to the Guidance Office by May 15, 2019.

To view your course requests for the 2019-2020 school year, log on to your Focus account, change the year to 2019-2020, and find your course requests under the “My Information” tab. Click on the “Class Requests” link.

The course requests from our students determine the school’s course offerings for next year. Therefore, please check to see if the course requests you see in Focus are accurate.

If you have any questions regarding your course requests or having an off block next year, please contact your guidance counselor.

Thank you,

South Fork High School Guidance Department

Student Name: _____ **Student ID #: 4300** _____

If I am eligible to drop a course for next school year, I would like to remove the following course from my requests. I understand that the course dropped would either be at the beginning of the day (Period 1A or 1B) or the end of the day (Period 5), and I will have transportation to either come to school late or to leave early, depending on the school and class schedule.

First priority for a class to be removed: _____

Second priority for a class to be removed: _____

Preferred off period (circle one): 01 05 no preference
