HOBE SOUND
COMMUNITY CHEST, INC.

January 14, 2019

Dear friend and community member,

During prom and graduation weekends, teen deaths from alcohol related accidents are higher than any other time of year. These deaths are preventable.

Martin County has not had one alcohol or drug related death, car accident, or significant police stop for our graduates since Project Graduation's inception nearly twenty years ago.

In 2018 Tykes & Teens stepped up to take over management of Project Graduation in effort to continue this trend. While Tykes & Teens has helped secure a portion of the funding necessary to run all three events, we are a volunteer committee and we rely on donations to ensure successful events.

We invite you to help ensure that no child in Martin County loses their life on graduation night. Please see the attached sponsorship form for details and sponsorship benefits. You may choose a sponsorship level or donate in a different amount of your choice. Any amount is welcome. Please return the form and a check to Tykes & Teens, or for your convenience, you can make your donation at www.tykesandteens.org by clicking on the Project Graduation banner at the top and then clicking on Donate Now.

Please feel free to contact me directly if you have questions or concerns or should you need additional information.

Sincerely,

Agnieszka W. Marshall, Psy.D, CAP
Director of Prevention Services
Tykes & Teens
