

New Parent Lunch Procedures

Starting Monday, April 1, 2019 - We now have picnic tables outside of the front office for parents to use when having lunch with their children. *When planning to have lunch with your child, please follow these procedures:*

- Send in a note with your child including the date and if your child will be purchasing a school lunch or if you will be bringing lunch. *Emails, phone calls and late notes will not be accepted.*
- Your child will be excited about this special time with you so don't be late. We need to make sure students have the opportunity to eat lunch every day and will only hold students 5 minutes before sending them back to the cafeteria. *We will not be able to contact students once they are in the lunchroom.*
- Once you arrive sign your child out, enjoy lunch and then sign back in by the end of your child's lunch period.
- By signing out your child, you are accepting responsibility and will monitor your child. *Please disconnect from all electronic devices to be present in the moment.*
- Children are expected to **sit** at the picnic tables and not run or play around in the area.
- Parents may **only** take pictures of their own children.
- The lunch plan for Watch D.O.G.S. will not change.

We want everyone to enjoy this special time with their children so please understand not following school procedures and policies may result in privileges being revoked.
