

Dear J.D. Parker School Family,

We are eagerly preparing for the 2020/2021 school year including planning for our Early Release Day Engineering Challenges!

We need your help! This is a *school wide* learning enrichment activity and we are reaching out to our parents and school community for donated supplies. Many of the items needed are things that would end up in recycle bins (toilet paper rolls, clean plastic containers, newspaper), please consider saving them for JDP! Items needed include the materials listed below, please start collecting them and bring them to JDP when we return for the 2020/2021 school year. Every little bit will help and will be greatly appreciated!

### **Materials needed:**

Tape (Duct, packing, & masking)	Paper/plastic plates & cups
Newspaper	Tissue paper
Cardboard tubes (tp & paper towel rolls)	Bubble wrap
Styrofoam	Cotton balls
Straws (straight and flexible)	Toothpicks
Packing Peanuts	Clean containers/trays (yogurt, sour cream)
Popsicle sticks	Plastic bags/baggies
Cotton balls	String/Yarn
Rubber bands	Plastic water bottles (empty)
Tin foil	Marbles
Pipe cleaners	Clay
Paper clips	Clothespins
Fabric scraps	Wax paper

Thank you for helping to make our day of Engineering a fun and educational experience for all our students,

Scientifically yours,

*J.D. Parker Elementary Teachers and Students*
