## Summer Math Practice for Incoming 6<sup>th</sup> Graders

Incoming 6<sup>th</sup> Graders to Stuart Middle School are encouraged to use the Khan Academy courses to *REVIEW* 5<sup>th</sup> Grade skills and to *PREVIEW* 6<sup>th</sup> Grade skills. Progress will be monitored over the summer and feedback will be given at the beginning of the school year in August 2019. We encourage ALL students to review their 5<sup>th</sup> Grade skills that they struggled with to create a stronger foundation for 6<sup>th</sup> Grade. Students who excelled in 5<sup>th</sup> Grade Math should proceed with the 6<sup>th</sup> Grade *PREVIEW*.

The 6<sup>th</sup> Grade Curriculum starts with a review of multiplying and dividing multi digit numbers with decimals and then will focus on fractions. ALL students should come to 6<sup>th</sup> Grade with a strong understanding of multiplication facts (0x0 – 12x12), multi digit multiplication, and multi digit division.
