May 14, 2018

MARTIN COUNTY SCHOOL DISTRICT SUMMER FOOD PROGRAM

Stuart, FL - The Martin County School District's Food and Nutrition Services Department will be participating in the Summer Food Service Program during the months of May, June, July and August 2018.

"Just as learning does not end when school lets out, neither does a child's need for healthy nutrition," said Laura Holmedal, Director of Food and Nutrition Services, Martin County School District. "The Summer Food Service Program provides nutritious meals and snacks to help children get the nutrition they need to learn, play, and grow throughout the summer months when they are out of school."

Nutritionally balanced meals will be provided to all children regardless of race, color, sex, disability, age, or national origin during summer vacation when school breakfasts and lunches are not available. All children 18 years of age and younger are eligible for meals at no charge and there will be no discrimination in the course of the meal service. The programs are only approved for geographical areas of need where 50-percent or more of the children qualify for free and reduced price meals during the school year.

Summer feeding sites that are located at schools provide meals to all children in the immediate vicinity in addition to those enrolled in summer school.

For more information, please contact Tina Jensen in the Martin County School District Food and Nutrition Services Department at 772-223-2655 Ext. 110.
