

Murray Middle School Announcements August 19, 2019

Have a great week!

TGR Learning Lab! The TGR Learning Lab provides an after school, teacher guided, hands-on career exploration experience around math, science, and technology. The theme this year at Murray Middle School's TGR Learning Lab is Game Design! If video game design sounds interesting to you, be sure to pick up an application from your science teacher or the front office and return them to Mr. Russell or Mr. Smith by August 23rd.

The **Lionettes** first practice today, August 19th, from 4-5pm in Mrs. Jerrells' room.

Volleyball Tryouts today, Aug. 19th at 4pm. Students must have physical to try out!

Join the **MMS spelling bee club**. We meet in the morning before school on Tuesdays at 8:50 AM in the library. Can't make it then? No problem, join the Google Classroom to see what happened and how you can prepare for the bee. Anyone is welcome at any time. Google class code is 956ru5. First meeting to be held on Tuesday, August 20th.

Attention 6th graders, join the **Robot Makerspace** available afterschool on Mondays and Thursdays in the library from 4:00-5:00 PM. Students will learn robot programming language and use it to test solutions to the makerspace challenge question. Our challenge topic this year is; How can car companies make driverless cars safe for pedestrians? We start with an overview of the challenge topic and programming. Students learn to program a robot then work in teams to find an answer to the challenge. All programming levels are welcome. Pick up an application in the library or the front office. Please return applications by Friday, August 30th to Mrs. Creber in the library.

PBIS will have our first meeting on Friday, August 23rd at 8:15am in the front conference room. Please help us kick off a GREAT year by joining us and voicing some new ideas/suggestions that you may have! See you then.
Questions? Please reach out to Tiffany Watson at watsont@martin.k12.fl.us or 219-1670 ext. 226
